

GISCorps' ArcGIS Online

Esri donates ArcGIS Online for Organization (AGOL) to GISCorps

The donated software will be utilized in various short term projects and particularly in post disaster missions. Members of GISCorps Core Committee and Stand By Task Force attended an AGOL workshop in Redlands in January (see photos below) and following the workshop, GISCorps' home page was launched.

The following two maps show the locations of GISCorps'volunteers and missions.A quick Start Guide is found in here.
