

Who We Are: GISCorps Core Committee

This is the story of a purely volunteer effort based only on passionate and intense long night hours and weekends outside of our daily domestic and work responsibilities. These efforts have been fun, challenging and stimulating. We would not trade them for the world. We believe this is the story of an idea that was acted upon to better the world.

- Chair: Dianne Haley, GISP, CEO, DMH GIS Consulting, Calgary, Alberta. URISA President 2005
