Dianne - has gotten in touch with Christina Boggs but needs to follow-up with her. (For silent auction at the conference and she is co-chair of URISA marketing committee.). Sent follow-up message to Christina but have not heard back.

Shoreh - suggested idea to seek out corporate members and see if their opt out could be higher.

Wendy - suggests that we need to have a clear use for the ask.

Wendy - will set up additional CafePress
Committee Updates

- **Website**: Carol:
  - Outstanding issues:
    - The “access your account” page is still not working. Recover your password not working either, going to 404 page. Derek is working on that page.

    - Potential security issue:
      - Email re: Personal privacy and safety issue. Carol will follow up with Derek.
      **Carol** - Plan on addressing this as soon as we get the website items taken care of so not to bombard Derek all at once.
    - How can we protect the forms from being hacked (CAPTCHA?). Mary has implemented that for admin sign in. The honey pot should be in all 3 forms plus the contact form. - **COMPLETE**
      - **Carol** - We will need to revisit the “access your account” when Derek completes it. Most likely CAPTCHA.
