  - The PAM AGO can be accessed from here.

  - German did a literature review of related BoK submissions.
  - Holly is currently working on a first draft. Planning to have that ready to review by the end of next week.

- **Documentation: Holly**
  - Nothing new to report

- **URISA update - Steve Steinberg, 2020-2021 URISA Board Liaison**
  - Climate Change and Climate Equity workgroup may have significant overlap with many current GISCorps projects. Might be beneficial to highlight those as case studies in the white paper for this new workgroup. Will coordinate with Holly on that.
  - Also suggested we consider tracking hours and reporting on an annual basis for multi-year projects. Holly agreed this would more accurately reflect volunteer contributions from year to year.
